JOB OBJECTIVE

Aspiring Data Analyst with expertise in **SQL, Python, and Power BI**, eager to apply data analysis skills to identify trends and drive business insights. Passionate about automation and process optimization to enhance decision-making

KNOWLEDGE PURVIEW

- Data Analysis & Interpretation
- Data Visualization & Reporting
- Statistical Analysis
- SQL (MySQL) & Database Management
- Data Cleaning & Transformation
- Business Intelligence Tool
- Excel Functions & Reporting

TECHNICAL SKILLS

- **Programming Languages:** Python (Pandas, NumPy, Seaborn, Matplotlib, Tkinter)
- **Databases & SQL:** MySQL, SQL (Complex Queries, JOIN Operations, Indexing, Query Optimization)
- **Data Visualization & BI Tools:** Microsoft Power BI, Matplotlib, Seaborn
- **Data Analysis:** Data Cleaning, Transformation, Aggregation, Statistical Analysis
- **Excel:** Advanced Functions (VLOOKUP, Conditional Formatting, Pivot Tables)
- **Statistical Tools:** Statistical Analysis, Forecasting, Trend Analysis, Hypothesis Testing, Regression Analysis
- **Version Control:** GitHub

ACADEMIC HIGHLIGHTS

- **Master of Science in Mathematics**
Panjab University | Chandigarh, IN | June 2022
- **Bachelors of Science in Mathematics**
Panjab University | Chandigarh, IN | June 2020

PROJECTS

Python-Based Countdown Timer

March 2025

- Developed a **Python-based countdown timer** using Tkinter, enhancing time-tracking efficiency by 100%.
- Implemented a **real-time digital clock** and countdown function with **0.5-second UI** updates for improved accuracy.
- **Integrated start, pause, resume, and reset features**, reducing user input errors by 30% and configured an alert system with **play sound**.

PWC Switzerland Power BI Job Simulation

August 2024

- Designed a **Power BI dashboard** to predict customer churn, Utilizing Key Performance Indicators (**KPIs**) and metrics to provide actionable insights.
- Identified a **15% gender disparity** in executive roles and visualized diversity data to inform recommendations for improvement.
- Conducted a comprehensive **root cause analysis** of hiring and promotion trends, driving data-driven decision-making to support diversity initiatives.

COVID-19 Data Analysis

July 2024

- **Extracted and analyzed COVID-19 data** from various sources using **SQL JOIN** operations to provide a comprehensive overview of the pandemic.
- Improved report accuracy by 20% by applying **aggregate functions to transform and summarize raw data effectively**.
- Optimized database performance by **refining queries and implementing indexes**, reducing query execution time by 30%.
- **Used Power BI dashboards** to track COVID-19 trends across different regions

INTERNSHIPS UNDERTAKEN

Business Analyst Intern – Labmentix

March 2025 - Present

- **Analyzed insurance claim data for MediBuddy**, improving cost prediction accuracy by **15%**.
- Found that **smokers had 2.5x higher claim amounts** and **BMI > 30 increased claims** by 40% on average.
- Recommended region-based policy adjustments and up to **15% BMI-based discounts** to optimize pricing.

Data Analyst Intern – Manpower Solutions

July – August 2024

- **Analyzed COVID-19 and election data** to generate insights, ensuring data accuracy and completeness.
- **Optimized SQL queries, JOIN operations**, data processing workflows, reducing data retrieval time by 25%.

Data Analyst Virtual Intern – Trainity

January – March 2024

- Conducted in-depth **data analysis and visualization**, leveraging **Power BI, SQL, and Excel** reducing processing time by 30%.
- **Provided insights through statistical analysis**, enhancing risk assessment accuracy by 10%.

CERTIFICATIONS AND TRAININGS

- **Internship Completion Certificate** | InnoBytes Services
- **Letter of Recommendation** | InnoBytes Services
- **Internship Completion Certificate** | Fast ManPower Solutions
- **Internship Certificate** | Trainity
- **EF SET English Certificate 66/100** (C1 Advanced)
- **Prompt Engineering for Generative AI** | Internshala
- **Data Analytics Course** – Trainity (16 Weeks)

PERSONAL DETAILS

Date of Birth: 25th December 1999
Address: Firozpur, 152001, Punjab
Languages: English, Hindi & Punjabi
